Room 216	Matthew Guerra	Justin Cabrera
Room 110	Alex Dombia	Cesar Telemin
Art	Abby Morales	Ka-Dyn Dale
Room 207	Faith	Anderzon
Room 219	Sophia Gotay	Gianni Pimental
Room 213	Melissa Villasenor	Yadir Noriega
Room 214	Jasani Ferrer	Jaxiel Bebitiz
Music	Naomi Bryant - 110	Ava Khuth - 216
Room 203	Cheveyo Robinson	Aaliyah Dantzler
Room 205	Moses Morales	Jaedih Morales Ico
Room 102	Carlos Guzman	Jadairis Dieguez
Room 210	Meralee Garcia	Noah Montenegro

New Faculty & Staff Spotlight

Pre-K Teacher, Mr. Erickson!

- ★ **How long have you been teaching for?** This is my first year teaching
- ★ **Where did you go to school to become a teacher/school counselor/etc.?** I went to Rhode Island College to become a teacher.
- ★ **Why did you become a teacher/school counselor/etc.?** I have always seen myself as being a teacher and I decided to become a special education teacher because I myself had a positive experience in the special ed system in elementary school. Also, my father is a Chemistry teacher.
- ★ **What is the best thing about your profession?** I think the best thing about my profession is getting to interact with children while they are still very young and constantly being introduced to new things. I really enjoy seeing their reactions to new things/experiences.

Upcoming Calendar of Events!

Grade Level News-

What is going on in our school's classrooms!

Grade 3

In ELA students have been learning about different versions of Cinderella! The students have enjoyed this and ended the Unit with their own written versions of Cinderella!

In Science we are learning the Life Cycle of Frogs. With the help of Mr. Tromanti we were able to get tadpoles from Boston University, we have enjoyed seeing out tadpoles grow!

In Math we have continued to problem solve and work on our multiplication as well as learning about Perimeter.

Mrs. Matalavage- 3rd Grade Teacher- RM 212

Volleyball - Students vs. Faculty

Coming in June!- more information to be announced

Mr. Payne - Physical Education/ Health

Nurse's News and Information

Vision and hearing screening for 1st to 5th grade will begin soon. If you receive a referral for follow up with an eye doctor or for further hearing tests and need assistance in making these arrangements, please contact me at the school. Most of what we learn is vision based, so good vision is essential for success in school!

As cold and flu season ends, please remember that students must be fever, vomit & diarrhea free for 24 hours without the aid of medication before they return to school after an illness. This helps decrease the spread of germs to the general school population. Remind your child that good/frequent hand washing is our best defense against germs!

We will continue to wear masks in school, until the district no longer requires them. Please help us to encourage this best practice with your children.

Anmarie Anderson, BSN, CSNT, NCSN

School Nurse - Anthony Carnevale Elementary School

Phone: (401) 278-0559 Fax: (401) 278-0556

Carnevale Families, please ensure your child is bringing their chromebook to school every school day. Please reply to KINVO messages when your child will be absent

Physical Education

In Ms. Burke's Physical Education Class:

It's March Madness and basketball is here! 🏀 In class students in grade K-5 have been working on various basketball skills to improve their game. Students began working on their ball handling and dribbling skills through different activities. Then moved into passing, learning both the chest pass and bounce pass. Students are currently working on shooting with proper form as we wrap up the third quarter!

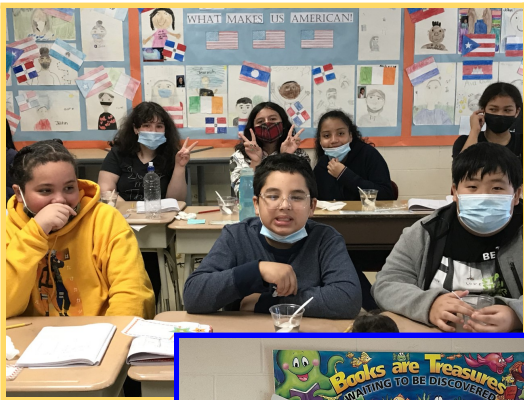

Pre K

In Pre-k room 110 our Unique curriculum unit last month focused on the zoo, different animals habitats, and how the animals move around. The colors for last month were orange and gray and the shape was a circle. This month's unit is focused on construction, the different types of construction workers and the tools/vehicles that they use. The colors for this month are yellow and black and the shape is a triangle. Thank you!

Mr. Erickson- Pre-k RM 110

Grade 5

Fifth Graders in Room 216 have been rocking Science! We did experiments on Matter. We learned about Solubility - What materials dissolve in water? and Density - What materials sink and float? Students have also created Adventure Stories for their end of the unit project for ARC.

Ms. Depedro & Mr. Baez- Fifth Grade teachers- RM 216

SPIRIT WEEK- WACKY WEDNESDAY

Ms. Whittier and Mr. Quirk

Music

Students in Grade 5 are working with a partner on their third quarter assignments. The students are researching an assigned Jazz artist and will be making booklets to display their findings for Jazz Appreciation Month in April. In all the lower grades, we continue to work on steady beat, rhythmic notation, and adding accompaniments to selected songs used in music lessons.

Above: Grade 5 students from room 213

We have started our bucket-drumming group and guitar ensemble groups. Hopefully the students will be ready for the return of our annual Spring Concert. In addition, students in chorus have begun work on recording some of their performance pieces for a compact disc. This group will also be performing this Spring. This concert will take place during the school day during the last week of May or first week of June 2022. More information will be forthcoming.

Mr. Maher - Music - RM 109

Art

Happy Spring ! The Art showcases are displaying Artwork from our Pre-K students who created flower arrangements using mixed media. Grades 4 and 5 are exploring One point perspective drawings using colored pencils. Stay tuned for more Spring Art from our creative students.

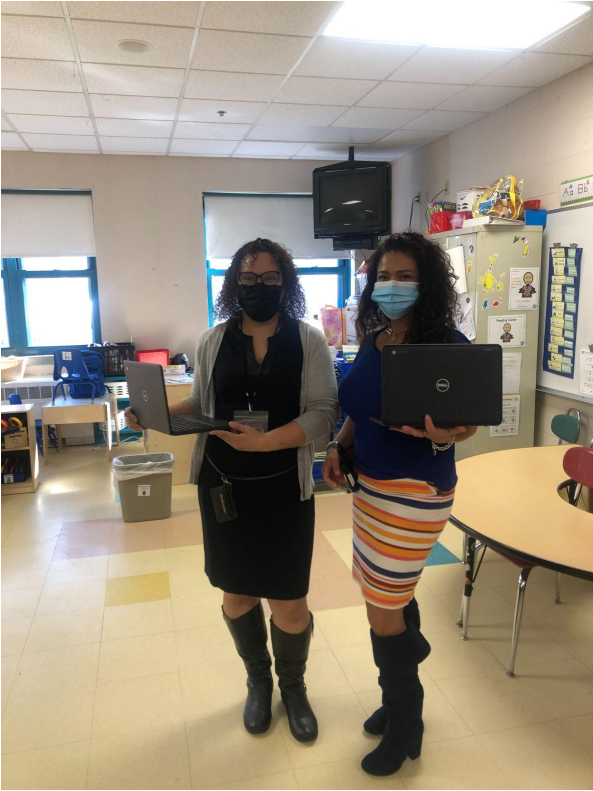

Ms. DeFlorian- Art - RM 220

Spirit Week
3-21-2022 to 3-25-2022

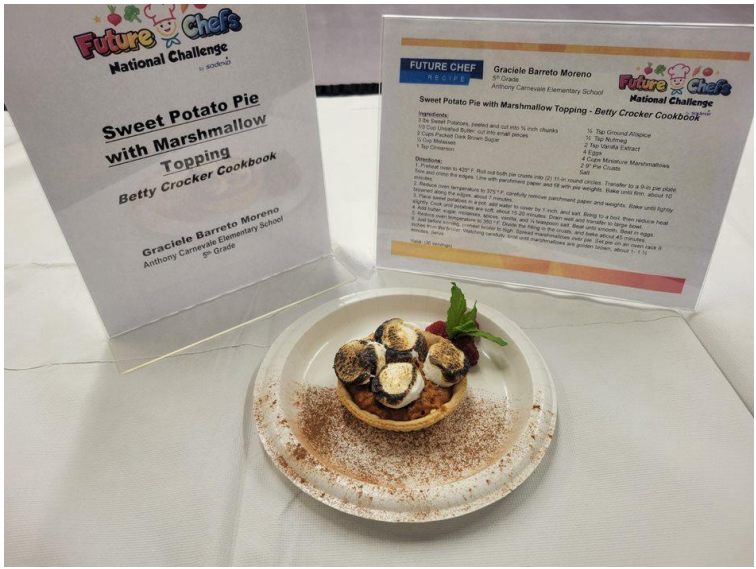

Career Day
