**Notes from Nurse –**

**Mrs. Anderson RN:**

Happy Spring- Finally! With that Allergy season is upon us. For our Allergy sufferers don't forget to medicate children before school. Children who suffer with Allergies have a difficult time staying focused in class. This time of year we have an increase in the number of students with the stomach virus, please remind children to wash their hands frequently throughout the day. Children are to remain home if symptoms are present... vomiting and/or diarrhea. Also, there are a number of children with sore throats that may or may not be allergy related. The only way to know for sure is to have it checked by an MD. If I believe there is a question of Strep I will send home a request to have your child's throat tested.

Enjoy the longer days!
